

**数学与系统科学研究院**

**计算数学所学术报告**

**报告人: Dr. Thorsten Koch**

**(Zuse Institute Berlin)**

**报告题目:**

**How to survive real-world projects  
as a mathematician**

**邀请人: 刘歆博士**

**报告时间: 2010年3月22日(周一)**

**晚上 19:00—20:00**

**报告地点: 科技综合楼三层 311**

**计算数学所报告厅**

## **Abstract:**

**This talk aims at sharing the experience from 10 years of successfully employing integer programming in industry projects with the audience.**

**We will try to draw some general conclusions and using the projects of the author as examples to show some common pitfalls.**
