(*ShangHai JiaoTong University*)

报告题目:

**On nonintegrable spatial discrete
nonlinear Schrödinger-type
equations**

邀请人: 常向科 副研究员

报告时间: **2019 年 11 月 28 日 (周四)**

上午 9:00-10:00

报告地点: 数学院南楼二层

202 教室

Abstract:

In this talk, we will focus on the topic on nonintegrable spatial discrete nonlinear Schrödinger-type equations, including nonintegrable spatial discrete NLS equations, nonintegrable spatial discrete Hirota equations, and nonintegrable spatial discrete nonlocal NLS equations. This talk is based on the joint works with L.Y. Ma, C.Q. Song, J.L. Ji and Z.W. Xu.
