

数学与系统科学研究院

计算数学所学术报告

报告人: Dr. Bean San Goh

(Dept. Math. of Xidian University, Xian)

报告题目:

**Principles on how to publish
research papers in English**

邀请人: Prof. Yu-hong Dai

报告时间: 1. 2008年4月11日(周五)

下午 3:30—5:30

2. 2008年4月12日(周六)

上午 9:00—11:00

报告地点: 科技综合楼三层 311

计算数学所报告厅

Abstract:

The lectures will be based on a summary of the book by Day. It is supposed to be a good book on how to Publish Research Papers. And the speaker will also give his views on how to have a strategy to learn how to write and publish research papers in English.

报告人介绍: Personal Background of the lecturer: Dr B S Goh was born in Malaysia and he studied in an English medium school. He went for studies in New Zealand for his Bachelor and PhD degrees. He specializes in

1) Optimal Control theory and applications to rocket trajectories and management of fisheries and biological populations

2) Stability theory of nonlinear dynamical systems by Lyapunov functions and

3) Some Algorithms in optimization.

He had served as an Associate Editor of three journals.

Currently he is a Visiting Research Fellow in the Mathematics Dept, Xidian University, Xian. He had worked in Australia, USA, Europe and China.
